

# GBC TL2600 Electric Wire Closing Machine

Electric Wire Closer, Binds A4 /A5 wire sizes 3:1 & 2:1 Pitch.

The GBC TL2600 Wire Closing Machine sets the standard for wire binding technology with its unique SMART Detect feature, which automatically adjusts closing pressure based on wire size for flawless results every time. Versatile and accommodating, it binds documents from 2 to 340 sheets, supporting a wide range of document sizes such as A4, A5, and short edge A3. Compatible with wire sizes 4 to 24, it's ideal for various bound documents such as financial reports and calendars. This machine enhances efficiency and professionalism in high-volume binding operations.
