**⚠ Please read and keep these important safety instructions**

- Only use the unit for its intended purpose.
- Do not touch the heating plate of this unit as it may be hot.
- The unit must only be connected to a supply voltage corresponding to the electrical rating shown on the unit.
- Unit should be connected to a socket outlet near the equipment that is easily accessible.
- Do not connect to multi adaptors or use with an extension cable.
- Failure to follow these instructions could result in damage/injury and will invalidate your guarantee.
- Do not attempt to service or repair the unit yourself.
- In the event of a fault, unplug the unit and contact an authorised GBC service representative for any required repairs.
- Do not use this unit if the cable or plug have been damaged.
- Equipment must be earthed. Only use the power cord supplied with this equipment.
- Rating label is on the base of the machine.

**⚠ THIS MACHINE MUST BE USED WITH A CARRIER.**  
 A carrier is included with the machine. The carrier is a folded piece of siliconised board stitched along one end. A carrier protects the laminate as it goes through the machine for best quality results.

**⚠** It is important to always use a carrier with this machine. Not using a carrier will result in the laminator becoming jammed or failing to run. This is an operator fault and is not covered by a manufacturer's warranty.

Your Academy+ laminator comes complete with one A3 and one A4 carrier.

Replacement A3 carriers or A4 size carriers can be ordered using the following item reference numbers:

Size	Quantity	Ref. Number
A3	5 Carriers	EK03000
A4	5 Carriers	EK04000

## Service

For details of your local service representative, see back page.

Products marked with this symbol meet all applicable Community regulations for the European Economic Area.

Only use the laminator in indoor areas.

The laminator complies with protection class II: The laminator is equipped with dual protective insulation and therefore contains no touchable metallic parts, which could conduct voltage in the event of a fault.

## Waste Electrical and Electronic Equipment (WEEE)

Electrical and electronic devices contain materials and substances that can have damaging effects on human health and the environment. This symbol indicates that this device must not be treated as unsorted municipal waste but must be collected separately. Dispose of the device via a collection point for the recycling of waste electrical and electronic equipment within the EU, UK and in other European countries that operate separate collection systems for waste electrical and electronic equipment. By disposing of the device in the proper manner, you help to avoid possible hazards for the environment and public health that could otherwise be caused by improper treatment of waste equipment. The recycling of materials contributes to the conservation of natural resources.

## Guarantee

Operation of this machine is guaranteed for three years from date of purchase, subject to normal use. Within the guarantee period, ACCO Brands Europe will at its own discretion either repair or replace the defective machine free of charge. Defects due to misuse or use for inappropriate purposes are not covered under the guarantee. Proof of date of purchase will be required. Repairs or alterations made by persons not authorised by ACCO Brands Europe will invalidate the guarantee. It is our aim to ensure that our products perform to the specifications stated. This guarantee does not affect the legal rights which consumers have under applicable national legislation governing the sale of goods.
